Subject:	Recommendation to Keep Carlos in the pool of Candidates
Message Body:	<p>Hello Jane,</p> <p>I am writing this email in regards to keep Carlos L. Student in the pool of qualified candidates. As we know Carlos does not necessarily have any work experience, but he does have a solid academic background. Not only he made it to the Dean's list 5 consecutive times, he also possesses Management and leadership skills and is involved in a lot of extra curricular activities, clubs outside his academics, which makes him an all around, and a people friendly person. Carlos's work experience also shows that he can effectively communicate and work with people in fast paced work environment.</p> <p>My recommendation is to give Carlos an opportunity that he can use to strengthen his career and to gain some real world experience and to put his strong academic knowledge to work.</p> <p>I strongly urge you to review his resume one more time and to let me know if you have any questions or concerns</p> <p>Thanks Danish 585 705 8832</p>
